

COMPANY HISTORY

COMPANY HISTORY

Today's marketplace demands reliability, responsiveness and quality. Delivering those traits remains the number one goal at Precision Printing.

As manufacturers of custom-printed information packaging, we provide the link between product and profit for our distributors throughout the country. Founded in 1984, Precision Printing has moved steadily toward the leading edge in the industry. America's Fortune 500 companies promote their products and services with the Precision Line folders, CD mailers, video kits and other packaging.

Precision Printing is a privately-owned company serving the printing trade from Moberly, Missouri. Owners Roy and Lori Miller maintain an active role in setting quality standards for Precision products. The company is situated in a 32,000 square foot operation with 45 employees.
